

Minutes  
Special Meeting  
Fire Station Building Committee  
Lisbon Volunteer Fire Department  
Sunday, December 19, 2021  
9:00 a.m.

1. Call to Order

The special meeting of the Fire Station Building Committee was called to order by Mark Robinson at 9:00 a.m.

MEMBERS PRESENT: Mark Robinson, Allen Bergeron, Wayne Donaldson, Dave Croughwell, James Labonne, Miles LaFemina

MEMBERS ABSENT: John Cingranelli, Joshua Cingranelli, Robert Browne, Mike Civardi (alt)

OTHERS PRESENT: None

2. Review, discussion and possible action of floor plan decon/laundry and hose storage area – Alternative layouts for the gross decontamination/laundry and hose storage areas were provided by Robert Mitchell of Mitchell Associate Architects, PLLC via email.

Copies of floor plan revisions were provided to the committee via email. Documents are also on file at town hall.

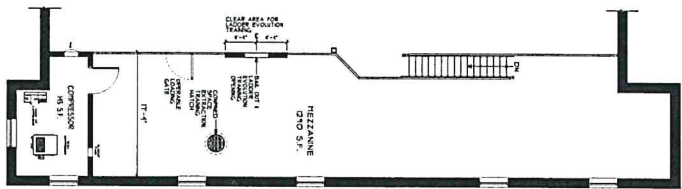

A discussion was held to discuss the advantages/disadvantages of each revision. Building layout revision from the special meeting held on December 6, 2021 had the fire member enter gross decontamination then to the laundry space, and to the decontamination shower. Recommendations were provided back to Mitchell Associates to change the decontamination shower from one to two showers.

Mitchell associates provided a new drawing which incorporated those changes utilizing a saloon style door from the laundry area and removing some of the originally included locker space for members clothing. The new revision also included an exit from the shower space back into the apparatus bay.

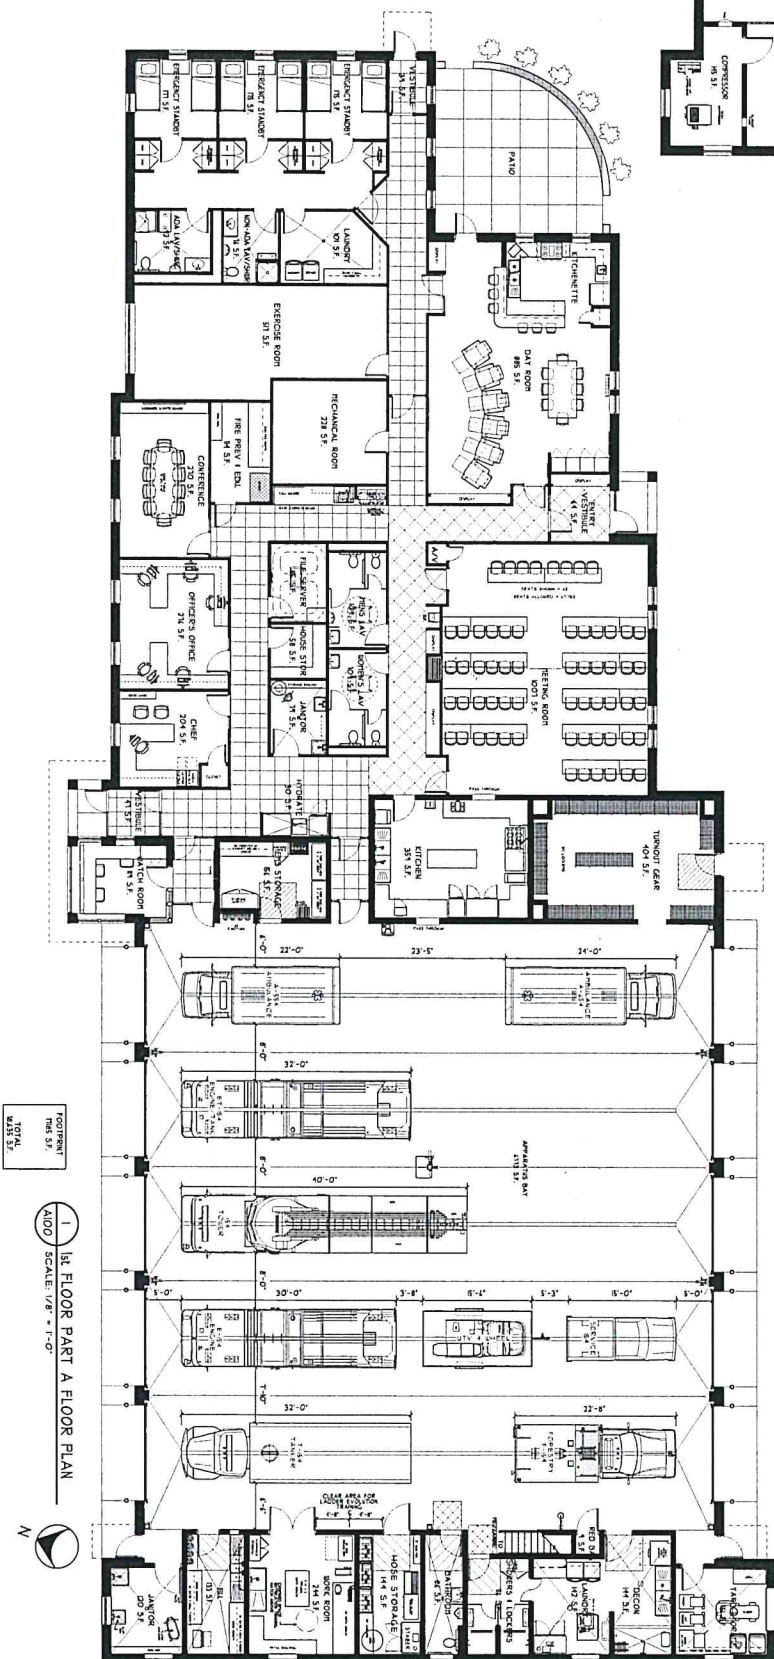

A third revision that was drafted based on the committee's input was to include the previous flow plan from gross decontamination to laundry to shower space but reduced the square footage of the gross decontamination and laundry space and increased the size of the hose storage space which now included its own hose dryer.

A motion was made by Miles LaFemina, seconded by Wayne Donaldson, to go with the shower/bathroom setup on plan revision one and the decontamination/laundry setup from plan revision two and make it a combination of the two revisions.

VOTE: UNANIMOUS – MOTION CARRIED
