A Newsletter for Lisbon Residents

## *Registrar of Voters*

By Stephen Barrett and Betsy M. Barrett, Registrar of Voters

In October of this year, we lost an integral part of our Election team with the passing of Mary Grant. Mary was the Deputy Republican Registrar of Voters beginning on February 8, 1977 and became the Republican Registrar of Voters on January 2, 1985. After nearly 46 years of serving the Town in this capacity, Mary knew everyone in Town, and had an election crew that always waited for her to call them to work the polls. Mary was very familiar with all the election laws, in spite of them continually changing. Mary religiously continued to attend the Registrar of Voter and Secretary of State conferences to keep current. She worked along side her dear friend and colleague, Ivy Mather, before Ivy passed away in 2012. Mary is and will be missed by all who knew her and worked with her.

## *Commission on Aging*

By Leonora Szcuba, Chairperson

Mary Grant was a member of Lisbon's Commission on Aging for thirty-five years, serving as vice-chair for many of them. Mary could always be counted on for relevant comments and opinions. She often made motions or suggested actions to move the business along. Usually, before the meetings were called to order, Mary could be found in the Senior Center's library, searching for a book she hadn't yet read. Mary and her husband, Bob, were frequent attendees of the special meal events held at the Senior Center, especially the annual holiday luncheons in December. The Senior population of Lisbon was well served by Mary's involvement with the Commission on Aging, and the Senior Center in general. She will be fondly missed.

*Mary Grant is seen here with her husband, Robert Grant. Both Mary and Bob have been vital members of our Town, with Mary serving as Registrar of Voters and on the Commission on Aging for nearly half a century, and Bob serving as a Selectman for numerous years, as well.*

Lisbon Quarterly Newsletter is published quarterly and is available online at [www.lisbonct.com](http://www.lisbonct.com). Hard copies may be obtained in Lisbon Town Hall.

## Conservation Commission

By Joe Lewerk, Vice-Chairman

The Conservation Commission bids a fond farewell to long-serving member Mrs. Lee Szcuba and Enforcement Officer Joe Theroux. Lee served on the Conservation Commission for more than 30 years, ensuring protection of wetlands and watercourses within the Town of Lisbon for projects large and small. From individual residential building projects to housing subdivisions, the responsible development of recreational facilities and trails on town property to the development of two major retail complexes, Lee played an integral role in conserving the Town's natural resources.

For more than fifteen years, Joe Theroux, the Conservation Commission's enforcement officer, provided expert advice to Commission members when reviewing applications and conducting field walks. Joe also was the person that applicants and contractors saw to ensure they were adhering to their permits, State and local regulations regarding activities occurring within and around the Town's wetlands and watercourses. Just as frequently, Joe assisted applicants in completing their paperwork and pointing them in the right direction to protect Town resources.

Both Lee and Joe's efforts in service to the people of the Town of Lisbon are appreciated by the Conservation Commission. They are each offered best wishes in all their future pursuits.

*We also wish to acknowledge the sudden passing of long-time Conservation Commission member, Mark Sullivan, in November 2022 . Mark, a professional surveyor, was first appointed to the Conservation Commission in July of 1994. We send our sincerest condolences to his family and friends.*

There is no other way to say this, but,

### **"The Lisbon Farmers' Market is in trouble!"**

Unless we can get 3 or 4 new Committee members and, additionally, market volunteers to take over in January of 2023, the Market may be forced to close.

The Lisbon Farmers' Market has been in operation since 2012. Over the past decade, each and every Committee member that has ever blessed us with their dedication to the Market, has worked tirelessly to bring quality, locally produced food and goods to our residents. It takes a tremendous amount of work and commitment from our members and volunteers to keep the market running smoothly each season. Understandably, 2 of the 3 remaining Committee members have other responsibilities that will likely require their resignation, soon. The Market and Farmers' Market Committee can not be operated by just one person. Help is needed!

**PLEASE**—if you enjoy the Lisbon Farmers' Market and all the goodness it brings to our residents each season, and you believe in supporting local farmers and other local producers—then please consider joining the Lisbon Farmers' Market Committee. All interested persons may contact the Selectman's Office at 860-376-3400 with questions, or email your letter of intent to join the Committee, to: [tsparkman@lisbonct.com](mailto:tsparkman@lisbonct.com).

# Assessor's Office

By Gail Gwiazdowski, Tax Assessor

## **Motor Vehicle Information**

Motor vehicles are assessed at seventy percent of their average retail value on the October 1st assessment date. Vehicles which have active registrations appear on the October 1st Grand List and are taxed for the time period from October 1st to September 30th of the following year. These bills are due in July next following the October 1st assessment date. Vehicles registered after October 1st but prior to August 1st appear on the Supplemental Grand List and are taxed from the month they are registered to September 30th. These bills are due the following January.

If a vehicle has been disposed of during the described period, an owner may apply for an adjustment to their tax bill. The required documentation must specifically identify the vehicle in question by make, year and identification number, and the date of the transaction. Proof of registration cancellation plus one other form of proof is generally required. Some examples of additional proof are a bill of sale, junk/salvage receipt, out of state registration, charity donation receipt and a repossession letter.

If you have transferred license plates from this vehicle to a replacement vehicle, you do not need to submit further documentation. The current bill should be paid in full, and a credit from the resulting over-payment will be applied against the replacement vehicle's supplemental tax bill, which is due in January.

**CT Department of Motor Vehicles does not inform towns when plates are returned nor when vehicles are sold, registered out of state or otherwise disposed of. It is the taxpayer's responsibility to provide the required documentation within the time limits as provided under applicable CT law.**

### Out-of-town

By state statute, you pay the town where you resided as of October 1st. There is no provision for pro-rating the bills between towns in Connecticut. You must change your address with DMV for all your vehicle registrations. You may obtain a change-of-address form from the DMV site through the following link: [http://www.ct.gov/dmv/lib/dmv/20/29/b-58\\_ind.pdf](http://www.ct.gov/dmv/lib/dmv/20/29/b-58_ind.pdf)

The best way to send documentation to the Assessor's Office is via email: [assessor@lisbonct.com](mailto:assessor@lisbonct.com) .

A receipt of acknowledgement will be sent with a reply email.

As always, we can be reached at 860-376-5115 regarding all of the above information.

## Lisbon Historical Society Quarterly Notes

By Kim Sperry

### Burnham Tavern Update

Building and Grounds chair Ken Mahler met with restoration carpenter Nick Anderson to build a bid package for the federal/state grant we will dedicate to the restoration of the exterior of the front Canterbury side of the tavern. Work will include 12 over 12 windows, corner boards, skirt board, and clapboards. The original 12 over 12 windows appear in early photographs. Additionally an original 6 over 4 window in the rear of the building survives.

### John Bishop House Update

**SAVE THE DATE:** Holiday Bake Sale, Saturday December 3, 9:00 a.m. at the John Bishop House. This season we are featuring two of our favorite holiday ingredients: ginger and apple.

Ginger root was first cultivated in China and by 2400 BC, the Greeks had invented gingerbread. Gingerbread houses originated in Germany in the 16<sup>th</sup> century and rose in popularity with the Brothers Grimm story of Hansel and Gretel and the first American cookbook *American Cookery* by Amelia Simmons, published in 1796, includes three recipes for gingerbread.

New signs have been installed at both the Bishop House and Anshei Israel Synagogue. Both are in keeping with the Town of Lisbon marker on the Town Hall lawn. A future sign identifying Burnham Tavern will be in the same style and colors.

Thanks and appreciation goes out to local Boy Scout Jeremy Griffith who completed a scout project by applying a heavy coat of wood sealer to the can and bottle shed.

### Anshei Israel Synagogue Update

The synagogue, no longer a house of worship, is a museum opened by appointment. Email Paula Adams at [padams60@sbcglobal.net](mailto:padams60@sbcglobal.net) for information. Additionally, *A Refuge in the Country*, a booklet on the history of the synagogue is available upon request and at the Lisbon Town Hall.

### Cans and Bottles Update.

Donations remain strong. Members sort cans and bottles 7 days a week. We are thankful for your donation of these redeemable glass, plastic, and aluminum bottles and cans that are marked CT. Although the State legislature added new products to the redemption stream, **Gatorade, Snapple, tea beverages, wine bottles, plastic milk jugs, Poland Springs water bottles with the red strip around the label, and all others not marked CT** should be recycled in blue bins on recycle day. Additionally, it is impossible for the bar code readers at the redemption centers to process crushed aluminum cans and plastic bottles. Many thanks go out to contributors to our can and bottle redemption program.

In addition to can and bottle donations, we are now an Amazon Smile Charity. Amazon donates 0.5% of the price of your eligible AmazonSmile purchases, and there is no cost to the Amazon customer. Click the link <https://smile.amazon.com/ch/51-0197314> or go to [Smile.Amazon.Com](https://Smile.Amazon.Com).

# Pickleball Comes to Lisbon!

It claims to be the fastest growing sport in the country. Pickleball may look like "old peoples" miniature tennis, but it is much more like giant sized ping-pong. It was invented in 1965 but recently its popularity has soared, and it's NOT just for old people. Properly played the game gives young and old a low impact workout that is easy on the joints.

Relatively new residents Steve & Peggy Berger approached the Lisbon Rec Committee about using the LCS gym to organize some pickleball in early 2020, when they first moved back to Connecticut from South Carolina where they learned to play in 2014. The committee was very receptive...and then Covid struck! As life continues to return to normal, the committee reached out to Peggy and asked if there was still interest starting a pickleball program. The Bergers were happy to do so. Steve presented several options to the committee. Some portable nets were purchased and lines were painted on the Lisbon Meadows tennis court to make it dual purpose. The facility is now a single tennis court or two pickleball courts using portable nets. Plans are being made to move indoors to the LCS gym on Friday evenings starting in early December.

Steve and Peggy have been providing paddles & balls and offering free beginner pickleball sessions on Wednesday mornings, and have made some new pickleball fans.

Steve admits that he and Peggy are not pickleball professionals and are not certified instructors. "We are pickleball evangelists. We just want everyone to experience the same joy, friendships, and health benefits that we have."

The game is played with a hard paddle (not a strung racquet like in tennis) and uses a plastic ball that resembles a wiffle ball. A paddle, a ball, and a good pair of athletic court shoes are all that is needed, making this an inexpensive sport to start playing. You can learn the rules and basic play in 1 or 2 sessions, and once you are hooked you will spend the rest of your life trying to improve your game. **CAUTION: "hooked" is the correct word. This game is addictive!**

There are a few outdoor Wednesday morning sessions left before the weather forces us indoors, and the Friday evening sessions at the LCS gym will start December 2<sup>nd</sup>. For more information, contact Steve (860-214-4514) or Peggy (860-395-8786) or download the Team Reach app and use code LM169 to join the Lisbon Pickleball group. The app allows you to see when games are scheduled and who will be attending.

Peggy Berger serves a pink pickleball to start the rally as her partner Karen Restivo looks on.
